#### OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 11 July 1962

2. Met with Representative Olin Teague (D., Tex.) who had expressed an interest in talking with us about exchange of information programs and Soviet space and science activities. Mr. Teague feels that the U.S. should withhold information from the Soviet Union until it gives some indication of sharing scientific data which it has acquired. I told Mr. Teague that the Agency did not participate in policy decisions in areas such as this and we then proceeded to have a pleasant talk. (See Memo for the Record for Details)
3. Picked up from the Senate Preparedness Investigating Subcommittee staff a film on CBS's interview with Titov and returned it to OCR/Graphics.
